MOON

25th ANNIVERSARY

design Slamp Creative Dept.

TABLE 30 x 14 cm x h 57 cm
1X10W LED Filament E27

September, 2018

Slamp's 90's cult lamp, Moon, is back after 25 years, with a celebratory anniversary edition! Originally released in 1993 and manufactured until 2000, the Moon 25th Anniversary edition lamp keeps its original design, and features a new, contemporary marble-effect finish available in three chromatic "blends" (Black, White, and Pink). Moon's avantgarde, geometric lines served as Slamp's introduction to the international design panorama; today the iconic trend defines cool and elegant interiors around the world.
